Daytime Detours Planned This Week for Martin Luther King Jr. Parkway (SR 115) ITS Improvements

JACKSONVILLE, Fla. – As part of the Martin Luther King Jr. Parkway Intelligent Transportation System (ITS) improvements project on Martin Luther King Jr. Parkway (State Road 115) from Boulevard Street to Beach Boulevard, a daytime detour is scheduled April 4 and April 5 for installation of an ITS conduit bore under MLK.

Northbound lanes of Haines Street between Marshall Street and Jessie Street will be closed from Thursday, April 4 and Friday, April 5 from 7 a.m. to 5 p.m. for installation of an ITS conduit bore.

As a detour, drivers will take Haines Street northbound, turn right onto Marshall Street, make a left onto Talleyrand Avenue, turn left onto Jessie Street and then take a right onto Haines Street northbound.

Chinchor Electric began the \$7.9 million Intelligent Transportation System (ITS) improvements in September 2023 and is estimated to complete the work by early 2027, weather and unforeseen circumstances permitting.

Stay informed about lane closures and roadwork in your area by following FDOT District 2 at [@MyFDOT_NEFL](https://twitter.com/MyFDOT_NEFL) on X (Formerly Twitter) or at [MyFDOTNEFL](https://facebook.com/MyFDOTNEFL) on Facebook.

The Florida Department of Transportation's mission is to provide a safe transportation system that ensures the mobility of people and goods, enhances economic prosperity, and preserves the quality of the state's environment and communities. The department is committed to building a transportation system that not only fits the current needs of Florida's residents and visitors, but also enhances mobility throughout the state to accommodate its consistent and rapid growth. The unique nature of the Sunshine State and its year-round warm climate provides numerous opportunities to achieve the department's mission through multiple transportation modes including highways/streets, air, rail, sea, spaceports, transit, and the ever-expanding deployment of bicycle & pedestrian facilities.
