Daytime pedestrian detours planned next week on S.R. 5A for drainage work

St Augustine – Sidewalk closures will be in place on S.R. 5A/A1A (Avenida Menendez) between the Castillo de San Marcos Fort and the Bridge of Lions to complete drainage work Monday, February 18 through Friday, February 22 as part of resurfacing improvements on S.R. 5A in downtown St. Augustine from King Street to S.R. 16.

The multi-use path and sidewalk on the east side of S.R. 5A will be temporarily closed each day from 7 a.m. to 7 p.m. Pedestrian traffic will be rerouted to the sidewalk on the west side of the street.

On street parking just north of the Bridge of Lions to the mid-block crossing at the Hilton Historic Bayfront will be restricted while drainage work is being performed in this area and will be available for use after 7 p.m.

Lane closures will also be necessary to safely complete paving operations Monday through Sunday from 9:30 p.m. to 6:30 a.m.

Duval Asphalt Inc., is expected to complete the \$1.8 million resurfacing project by spring 2019, weather and schedule permitting.

For more information regarding construction projects, please visit www.nflroads.com or contact FDOT personnel at 904-831-FDOT.
