Eastbound State Road 100 through Starke to be Detoured Thursday Morning

STARKE, Fla. – As part of the Florida Department of Transportation’s Starke Railroad Overpass Interchange Improvements project, eastbound State Road 100 between Walnut Street and Cherry Street will be detoured Thursday, Mar. 16 to pour decking. The roadway closure will take place at 1 a.m. and reopen by 8 a.m., weather and unforeseen circumstances permitting.

Drivers attempting to travel eastbound on State Road 100 will be detoured onto southbound Walnut Street, then left onto South Street, right onto Cherry Street, left onto Laura Street and proceed to State Road 100.

Drivers traveling westbound on State Road 100 will not be detoured but may experience intermittent traffic stoppage due to related flagging operations.

A large vehicle detour will remain in place for eastbound State Road 100 from U.S. 301 to Water Street. Eastbound State Road 100 large vehicle traffic will turn right onto southbound U.S. 301, then turn left onto SE 144th Avenue (Hazen Street) and continue onto SE 144th Street to State Road 100.

FDOT hired J.B. Coxwell Contracting to complete this \$23.6 million project in summer 2023, weather and unforeseen circumstances permitting.

The Florida Department of Transportation’s mission is to provide a safe transportation system that ensures the mobility of people and goods, enhances economic prosperity, and preserves the quality of the state’s environment and communities. The department is committed to building a transportation system that not only fits the current needs of Florida’s residents and visitors, but also enhances mobility throughout the state to accommodate its consistent and rapid growth. The unique nature of the Sunshine State and its year-round warm climate provides numerous opportunities to achieve the department’s mission through multiple transportation modes including highways/streets, air, rail, sea, spaceports, transit, and the ever-expanding deployment of bicycle & pedestrian facilities.
