FDOT Begins Safety Improvements Project on San Juan Avenue

JACKSONVILLE, Fla. – FDOT has started construction on a safety improvements project on San Juan Avenue (State Road 128) from Roosevelt Boulevard (U.S. 17) to Herschel Street (State Road 211).

Work on this project includes converting the four lanes of traffic on San Juan Avenue into three lanes with a center turn lane. The objective of these changes is to reduce left turn and angle crashes at intersections along the corridor.

Other safety improvements include installation of a Rectangle Rapid Flashing Beacon pedestrian crosswalk at San Juan Avenue and Fair Street.

Stay informed about lane closures and roadwork in your area by following FDOT District 2 at [@MyFDOT_NEFL](https://twitter.com/MyFDOT_NEFL) on Twitter, at [MyFDOTNEFL](https://www.facebook.com/MyFDOTNEFL) on Facebook or by visiting nflroads.com. Drivers seeking real-time traffic alerts may visit www.FL511.com or download the FL511 app.
