FDOT to Host Public Meetings October 17 and 19 for Proposed Improvements to State Road 24 in Waldo

Public comment period at 6 p.m.

WALDO, Fla – The Florida Department of Transportation (FDOT) will host a Hybrid Public meeting to discuss the proposed improvements for State Road 24 (Waldo Road) Resurfacing Project from west of Northeast 141st Drive to U.S. 301 in Alachua County, Florida. In addition to resurfacing, proposed improvements include: maintaining the same number of travel lanes through Waldo as currently exist, the addition of special emphasis crosswalks at Cole Street, a rectangular rapid flashing beacon at Earle Street, improvements at the Waldo Road and U.S. 301 intersection and a new bicycle lane in front of the First Baptist Church.

There are several options to participate. The Public Meeting will take place virtually Tuesday, October 17 beginning with an online open house from 5:30 to 6 p.m., followed by a presentation and public comment period at 6 p.m. To attend the virtual meeting logon to www.nflroads.com/Waldo or by phone at (213) 493-0005 and enter access code 182-614-426.

An in-person meeting will be held Thursday, October 19 at the Waldo City Square located at 14450 Northeast 148th Avenue, Waldo, FL 32694, with an open house from 4:30 to 6 p.m., followed by a presentation and public comment period at 6 p.m.

This meeting serves to inform the public of the proposed improvements and serves as an official forum for the public to express their opinions and concerns regarding the project.

Stay informed about lane closures and roadwork in your area by following FDOT District 2 at @MyFDOT_NEFL or Twitter or at MyFDOTNEFL on Facebook.

The Florida Department of Transportation's mission is to provide a safe transportation system that ensures the mobility of people and goods, enhances economic prosperity, and preserves the quality of the state's environment and communities. The department is committed to building a transportation system that not only fits the current needs of Florida's residents and visitors, but also enhances mobility throughout the state to accommodate its consistent and rapid growth. The unique nature of the Sunshine State and its year-round warm climate provides numerous opportunities to achieve the department's mission through multiple transportation modes including highways/streets, air, rail, sea, spaceports, transit, and the ever-expanding deployment of bicycle & pedestrian facilities.
