### **FDOT to Host June 23 Public Meeting for Proposed 103<sup>rd</sup> Street Median Modifications**

**JACKSONVILLE, Fla.** – The Florida Department of Transportation (FDOT) will host a hybrid public meeting next week to discuss proposed median modifications on 103<sup>rd</sup> Street (State Road 134) at Shindler Drive, Kinkaid Road and California Avenue. The meeting will take place both virtually and in-person Thursday, June 23 at the Charles Webb Wesconnett Regional Public Library located at 6887 103<sup>rd</sup> Street, Jacksonville, FL 32210. It will begin with an open house from 4 to 6 p.m., followed by a presentation and public comment period at 6 p.m.

Project information and virtual participation instructions are available at [www.nflroads.com/VPH](http://www.nflroads.com/VPH). Participants who are unable to attend the webinar virtually or in-person may listen to the meeting by calling (914) 614-3221 and entering access code 834-495-747. All participants, regardless of the platform they choose, will be able to view project documents, ask questions and make comments for the public record.

The proposed changes include the installation of directional median openings on 103<sup>rd</sup> Street at Shindler Drive, Kinkaid Road and California Avenue to prevent through traffic and left turns. The changes will help reduce angle and side collisions at these intersections. The modifications will be included in a \$6 million resurfacing project on 103<sup>rd</sup> Street from Shindler Drive to Firestone Road currently scheduled to begin in summer 2023.
