I-10 Eastbound Exit Ramp to U.S. 301 Scheduled to Close This Friday

Jacksonville, Fla. – As part of the I-10 and U.S. 301 interchange improvement project, the I-10 eastbound exit ramp to U.S. 301 will be closed Friday, May 10 from 9 p.m. to 5 a.m., weather and unforeseen circumstances permitting.

The detour will allow the contractor to shift traffic into a new temporary pattern, which includes closing the current northbound U.S. 301 to I-10 east entrance ramp for reconstruction work and shifting motorists to the newly constructed I-10 eastbound ramp.

I-10 eastbound traffic wanting to exit at U.S. 301 will detour to State Road 23 (Exit 350B), travel west on I-10 and utilize the recently opened U.S. 301 exit ramp (Exit 343).

Superior Construction Company began the \$65 million I-10 and U.S. 301 interchange improvement project in late February and is estimated to complete the work in spring 2020.
