ICYMI: FDOT to Host Construction Open House June 2 to Discuss U.S. 1 Resurfacing Improvements in St. Augustine

ST. AUGUSTINE, Fla. – The Florida Department of Transportation (FDOT) will host a hybrid construction open house for a resurfacing and concrete rehabilitation project on U.S. 1 (State Road 5) from State Road 207 to the St. Augustine City Gates set to begin in June 2021.

The hybrid construction open house will be held tomorrow, June 2, from 4 to 6 p.m. Citizens may participate online at nflroads.com/COH or by phone at (562) 247-8422, access code 904-001-691. Citizens who are unable to participate virtually may attend the open house in person at the St. Johns County Administrative Auditorium located at 500 San Sebastian View, St. Augustine, FL 32084.

Those interested in attending in person can drop by anytime between 4 and 6 p.m. to learn more about the project including timeframe, construction activities, traffic impacts and other details. Project staff will be available during this time to answer questions. This is an informal open house and no presentation is scheduled.

This improvement project will include roadway paving and concrete rehabilitation work. Construction crews will also be removing on-street parking along U.S. 1 from State Road 207 to the St. Augustine City Gates to install buffered bicycle lanes. To safely complete this work, daytime and nighttime lane closures will be necessary.

Kiewit Infrastructure South Company is estimated to complete the \$15 million improvements by late summer 2023, weather and unforeseen circumstances permitting.

Stay informed about lane closures and roadwork in your area by following FDOT District 2 at [@MyFDOT_NEFL](https://twitter.com/MyFDOT_NEFL) on Twitter or at [MyFDOTNEFL](https://www.facebook.com/MyFDOTNEFL) on Facebook.

The Florida Department of Transportation's mission is to provide a safe transportation system that ensures the mobility of people and goods, enhances economic prosperity, and preserves the quality of the state's environment and communities. The department is committed to building a transportation system that not only fits the current needs of Florida's residents and visitors, but also enhances mobility throughout the state to accommodate its consistent and rapid growth. The unique nature of the Sunshine State and its year-round warm climate provides numerous opportunities to achieve the department's mission through multiple transportation modes including highways/streets, air, rail, sea, spaceports, transit, and the ever-expanding deployment of bicycle & pedestrian facilities.
