I-95 southbound single lane closure on Duval/Nassau County Line Conduit installation for ITS freeway project

Jacksonville – Motorists can expect a single, outside travel lane closure on Interstate 95 southbound near the Duval/Nassau County line over the next two weeks from 9:30 a.m. to 3:30 p.m. on the following days, depending on weather and unforeseen circumstances:

- Tuesday, June 12 through Friday, June 15
- Tuesday June 19 through Friday, June 22

The single lane closure is for installation of bridge mounted conduit (which carries fiber optic cables for the new CCTV cameras and overhead dynamic message signs) on the west side of the bridge.

The 17-mile ITS Freeway Management project began in November 2017 with completion anticipated in spring 2019, depending on weather and unforeseen delays.

FDOT hired SICE as the contractor to complete this project for \$4.5 million.
