Multiple Detours Planned at the I-10/I-95 Interchange Improvements Project

JACKSONVILLE, Fla. – As part of bridge construction activities for the Florida Department of Transportation’s I-10/I-95 Operational Improvements project, there will be multiple overnight detours around the I-10/I-95 interchange this weekend, weather and unforeseen circumstances permitting.

I-95 North Detour: Thursday, June 16 through Sunday, June 18 from 11 p.m. to 5:30 a.m., drivers on I-95 north will be detoured to the Acosta Bridge, right on Broad Street and left on Adams Street to reconnect with I-95 north. Drivers who wish to connect with I-10 will take I-95 south to connect with I-10.

Everyone knows summer in the south is hot! What motorists need to remember when traveling on Florida’s roadways is to stay cool behind the wheel. Do not drive aggressively, tailgate and prompt road rage. Remain patient and be courteous. Travel safely this summer!

Drivers seeking real-time traffic alerts are encouraged to visit www.FL511.com or download the FL511 app prior to their journey.
