**Emergency eastbound lane closure in Nassau County on A1A/State Road 200  
between Miner Road/Felmor Road and Lofton Creek due to pothole**

**Yulee** – A pothole that has developed along A1A/State Road 200 on the eastbound lane between Miner Road/Felmor Road and Lofton Creek in Nassau County has construction crews making immediate emergency repairs forcing a temporary lane closure in the outside eastbound lane.

Construction crews facilitating the repair anticipate it could take several hours to remove the damaged roadway and to replace the asphalt.

Up-to-date lane closure information is available on the Florida Department of Transportation's project website at: [www.nflroads.com](http://www.nflroads.com).
