Traffic lane shifts expected for A1A over next two weekends from Blackrock Road to Chester Road in Nassau County

Yulee – Eastbound and westbound lane shifts are scheduled for the next two weekends respectively, to allow construction crews to reconstruct the existing westbound lanes, weather permitting.

Temporary eastbound lane shift for Friday, May 12:

Lane closures eastbound are expected to begin on Friday, May 12 from 9 p.m. through Saturday, May 13 at 8 p.m., for construction crews to implement a traffic shift for eastbound traffic, weather permitting. This is important for the project to move into its next phase of construction on A1A (SR 200) between Blackrock Road/Mount Zion Court to Chester Road/Amelia Concourse in Nassau County as part of the A1A (SR 200) widening project in Nassau County.

Temporary westbound lane shift for next weekend, May 19:

Next weekend, crews will repeat the above process for westbound lanes from Chester Road/Amelia Concourse to Blackrock Road/Mount Zion Court, from Friday, May 19 from 9 p.m. to Saturday, May 20 at 8 p.m., weather permitting.

The \$60 million widening project is scheduled to be completed by summer 2019, weather, holidays and unforeseen delays permitting.

Up-to-date lane closure information is available on the Florida Department of Transportation's project website at: www.nflroads.com.
