## A1A/SR 200 WB traffic shift planned, 6/22 From Old Nassauville Road to Chester Road in Nassau County

**Yulee** – The Florida Department of Transportation (FDOT) plans to shift westbound traffic onto newly paved roadway between Old Nassauville Road and Chester Road along A1A/State Road 200 beginning Friday, June 22, after 8 p.m., depending on weather (see attached map).

The construction widening project increases approximately 5.5 miles of roadway from Rubin Davis Lane to County Road 107 along A1A/State Road 200 from four lanes to six lanes and includes raised medians, bicycle lanes, curbs and gutters, sidewalks and a new bridge constructed at Lofton Creek.

The project costs approximately \$60 million and is expected to be completed by spring 2020 depending on weather and unforeseen delays.

Superior Construction of Jacksonville has been hired to complete the work for FDOT.
