New Interchange and Extension to Open as Part of First Coast Expressway Project

Jacksonville – As part of the First Coast Expressway project, the newly constructed interchange at State Road 23 and I-10 and a new segment of roadway from I-10 to Beaver Street (U.S. 90) is expected to open to traffic Thursday, September 13, weather and schedule permitting.

Tolling on the First Coast Expressway from I-10 to Blanding Boulevard will begin once construction is completed later this fall.

Construction on the next phase of the First Coast Expressway, which runs from Blanding Boulevard to the St. Johns River, is scheduled to begin in early 2019, weather and schedule permitting. For more information, visit www.firstcoastexpressway.com.
