Overnight Detour Planned Next Week for Martin Luther King Jr. Parkway (SR 115) ITS Improvements

JACKSONVILLE, Fla. – As part of the Martin Luther King Jr. Parkway Intelligent Transportation System (ITS) improvements project on Martin Luther King Jr. Parkway (State Road 115) from Boulevard Street to Beach Boulevard, an overnight detour is scheduled Monday, Sept. 9 through Thursday, Sept. 12 for installation of a dynamic message sign (DMS) structure.

Eastbound Martin Luther King Jr. Parkway will be closed at the Haines Street and Jessie Street off-ramp exit starting on Monday, Sept. 9 through Thursday, Sept. 12 between 8 p.m. and 6 a.m. for installation of the sign structure.

As a detour, drivers will exit at the Haines Street/Jessie Street exit and continue onto Haines Street to Jessie Street, then continue straight onto the Martin Luther King Jr. Parkway on-ramp.

Chinchor Electric began the \$7.9 million Intelligent Transportation System (ITS) improvements in September 2023 and is estimated to complete the work by early 2025, weather and unforeseen circumstances permitting.

The Florida Department of Transportation's mission is to provide a safe transportation system that ensures the mobility of people and goods, enhances economic prosperity, and preserves the quality of the state's environment and communities. The department is committed to building a transportation system that not only fits the current needs of Florida's residents and visitors, but also enhances mobility throughout the state to accommodate its consistent and rapid growth. The unique nature of the Sunshine State and its year-round warm climate provides numerous opportunities to achieve the department's mission through multiple transportation modes including highways/streets, air, rail, sea, spaceports, transit, and the ever-expanding deployment of bicycle & pedestrian facilities.
