Overnight Detours Planned for I-95 North to I-10 Flyover

JACKSONVILLE, Fla. – As part of bridge construction activities for the Florida Department of Transportation's I-10/I-95 Operational Improvements project, the I-95 north to I-10 west flyover will be closed from 10 p.m. to 5 a.m. on Thursday, January 21, and Friday, January 22, pending weather and unforeseen circumstances. I-95 north will remain open.

Motorists will be detoured using the following routes:

I-95 north to I-10 west: Drivers on I-95 north who wish to take I-10 west will be detoured to the Park Street exit. At the bottom of the ramp, drivers will turn right on Park Street, left on Forest Street, left on Stockton Street and left on Irene Street to access the I-10 west ramp (see map below).

Alternate route for truckers: Truckers traveling on I-95 north who wish to take I-10 west are advised to take an alternate route by using the I-295 West Beltway toward Orange Park and the I-10/I-295 West Beltway interchange.

FDOT hired Archer Western to complete this \$126 million project in fall 2021, weather and unforeseen circumstances permitting.

Stay informed about lane closures and roadwork in your area by following FDOT District 2 at [@MyFDOT_NEFL](https://twitter.com/MyFDOT_NEFL) on Twitter, at [MyFDOTNEFL](https://www.facebook.com/MyFDOTNEFL) on Facebook or by visiting nflroads.com.

Improve Safety, Enhance Mobility, Inspire Innovation

The Florida Department of Transportation's mission is to provide a safe transportation system that ensures the mobility of people and goods, enhances economic prosperity, and preserves the quality of the state's environment and communities. The department is committed to building a transportation system that not only fits the current needs of Florida's residents and visitors, but also enhances mobility throughout the state to accommodate its consistent and rapid growth. The unique nature of the Sunshine State and its year-round warm climate provides numerous opportunities to achieve the department's mission through multiple transportation modes including highways/streets, air, rail, sea, spaceports, transit, and the ever-expanding deployment of bicycle & pedestrian facilities.
