Overnight Detours on I-10 Westbound Scheduled Monday through Thursday

JACKSONVILLE, Fla. – The westbound lanes of I-10 from State Road 23 to U.S. 301 are scheduled to close Monday, Feb. 13 through Thursday, Feb. 16 from 9 p.m. to 5 a.m. The overnight closures are necessary to install overhead sign structures, as part of the I-10 and U.S. 301 interchange improvement project.

I-10 westbound traffic will detour using State Road 23/First Coast Expressway and U.S. 90.

Superior Construction Company began the \$65 million interchange improvement project in February 2016 and is estimated to complete the work in summer 2023, weather and schedule permitting.

Stay informed about lane closures and roadwork in your area by following FDOT District 2 at [@MyFDOT_NEFL](https://twitter.com/MyFDOT_NEFL) on Twitter, at [MyFDOTNEFL](https://www.facebook.com/MyFDOTNEFL) on Facebook or by visiting [nflroads.com](https://www.nflroads.com). Drivers seeking real-time traffic alerts may visit www.FL511.com or download the FL511 app.

The Florida Department of Transportation's mission is to provide a safe transportation system that ensures the mobility of people and goods, enhances economic prosperity, and preserves the quality of the state's environment and communities. The department is committed to building a transportation system that not only fits the current needs of Florida's residents and visitors, but also enhances mobility throughout the state to accommodate its consistent and rapid growth. The unique nature of the Sunshine State and its year-round warm climate provides numerous opportunities to achieve the department's mission through multiple transportation modes including highways/streets, air, rail, sea, spaceports, transit, and the ever-expanding deployment of bicycle & pedestrian facilities.
