Your10and95 construction closures

Jacksonville – Your10and95 operational improvements project will have a detour of the Interstate 95 southbound to Interstate 10 westbound ramp February 12-14 from 11 p.m. to 5:30 a.m. as crews install concrete forms.

Detour A: Motorists traveling on Interstate 95 southbound wanting to access Interstate 10 westbound will be detoured to the Forest Street exit ramp where they will continue through the intersection at the bottom of the exit to connect with Interstate 10 westbound. Law enforcement will be assisting with the flow of traffic off Interstate 95 southbound through Forest Street onto Interstate 10 westbound. (See below)

Detour B: Motorists traveling onto Interstate 95 southbound from the Adams Street on ramp wanting to travel to Interstate 10 westbound will be directed to the Fuller Warren Bridge where they will be detoured to the San Marco Street exit, make a left on Palm Avenue and an

immediate left back onto Interstate 95 northbound which will connect them with Interstate 10 westbound. (See below)

Your10and95 project began in May 2017 with completion anticipated in summer 2020, depending on weather, holidays and unforeseen circumstances.

FDOT hired Archer Western as the contractor to complete this project for \$126 million. For more information about this project, please visit: Your10and95.com.
