Ramp from Westbound Butler Boulevard to Kernan Boulevard to Close Nightly Feb. 27-29

JACKSONVILLE, Fla. – As part of the interchange improvement project at J.T. Butler Boulevard (State Road 202) and Kernan Boulevard, the ramp from westbound Butler Boulevard to Kernan Boulevard will close nightly Tuesday, Feb. 27 through Thursday, Feb. 29 to allow for wrong-way vehicle detection system testing. The ramp will close at 8 p.m. each night and reopen by 5 a.m. the following morning.

During the closure, drivers will continue on Butler Boulevard west, take I-295 North, exit at Beach Boulevard (U.S. 90) and travel east on Beach Boulevard to access Kernan Boulevard.

FDOT hired J.B. Coxwell Contracting to complete the \$17.1 million project, which includes construction of a partial cloverleaf interchange, adding capacity to on- and off-ramps, milling and resurfacing of existing pavement, roadway lighting improvements, construction of ponds and other drainage improvements and installation of new signage and mast arm signals. The project is estimated for completion in late 2024, weather and unforeseen circumstances permitting.

Stay informed about lane closures and roadwork in your area by following FDOT District 2 at [@MyFDOT_NEFL](https://twitter.com/MyFDOT_NEFL) on Twitter, at [MyFDOTNEFL](https://www.facebook.com/MyFDOTNEFL) on Facebook or by visiting [nflroads.com](https://www.nflroads.com).
