### **Roadway Improvements Begin Next Week on I-295 from New Berlin to Pulaski Road**

**JACKSONVILLE, Fla.** – Construction on a roadway improvement project on I-295 from New Berlin to Pulaski Road begins next week.

Preferred Materials was selected to complete the \$16.1 million project, which includes milling and resurfacing of I-295 from Pulaski Road to New Berlin Road. The improvements also include resurfacing of Pulaski Road and Alta Drive within the limited access R/W and all ramps at those interchanges. The project also consists of lighting and ITS upgrades and drainage improvements at several locations and a new sidewalk along Alta Drive.

During construction, the public is encouraged to follow detour signs and use caution in the area. Single or ramp lane closures are not allowed anywhere along the project from 6 a.m. to 8 p.m. Monday through Friday, and no double lane closures or detours are allowed anywhere along the project from 5 a.m. to 9 p.m. Monday through Friday.

This project is expected to be completed by mid-2025, weather and unforeseen circumstances permitting.

Stay informed about lane closures and roadwork in your area by following FDOT District 2 at [@MyFDOT\\_NEFL](https://twitter.com/MyFDOT_NEFL) on Twitter or at [MyFDOTNEFL](https://www.facebook.com/MyFDOTNEFL) on Facebook.

The Florida Department of Transportation's mission is to provide a safe transportation system that ensures the mobility of people and goods, enhances economic prosperity, and preserves the quality of the state's environment and communities. The department is committed to building a transportation system that not only fits the current needs of Florida's residents and visitors, but also enhances mobility throughout the state to accommodate its consistent and rapid growth. The unique nature of the Sunshine State and its year-round warm climate provides numerous opportunities to achieve the department's mission through multiple transportation modes including highways/streets, air, rail, sea, spaceports, transit, and the ever-expanding deployment of bicycle & pedestrian facilities.
