San Juan Avenue at Cedar Creek Bridge Rehabilitation to Begin

JACKSONVILLE, Fla. – A bridge rehabilitation project on San Juan Avenue (State Road 128) over Cedar River is scheduled to begin Wednesday, September 15.

The rehabilitation work consists of cathodic/corrosion protection improvements on the bridge pilings at the water level and slope protection improvements along the riverbank.

Weekly daytime lane closures on San Juan Avenue at the Cedar Creek bridge will occur throughout the duration of the project. Lane closures will not be scheduled during peak driving times, 6:30 to 8:30 a.m., Monday through Friday, or on holidays or special events.

Coastal Gunitite Construction Company is the contractor for the \$983,000 project. The project is scheduled for completion in spring 2022, weather and unforeseen circumstances permitting.

Stay informed about lane closures and roadwork in your area by following FDOT District 2 at @MyFDOT_NEFL on Twitter or at MyFDOTNEFL on Facebook.

Improve Safety, Enhance Mobility, Inspire Innovation

The Florida Department of Transportation's mission is to provide a safe transportation system that ensures the mobility of people and goods, enhances economic prosperity, and preserves the quality of the state's environment and communities. The department is committed to building a transportation system that not only fits the current needs of Florida's residents and visitors, but also enhances mobility throughout the state to accommodate its consistent and rapid growth. The unique nature of the Sunshine State and its year-round warm climate provides numerous opportunities to achieve the department's mission through multiple transportation modes including highways/streets, air, rail, sea, spaceports, transit, and the ever-expanding deployment of bicycle & pedestrian facilities.
