State Road 9B detours next week for overhead sign structure installation

Jacksonville – North and south State Road 9B detours are scheduled next week each night from midnight to 5 a.m. starting Sunday, April 15 through Thursday, April 19 for overhead sign installation work, weather and schedule permitting.

Northbound State Road 9B traffic will detour to Old St. Augustine Road and continue east to travel south on U.S. 1 (Philips Highway) to travel back northbound State Road 9B.

Southbound State Road 9B traffic will detour north on U.S. 1, travel west on Old St. Augustine Road and travel to I-95.

State Road 9B, the new four-lane divided highway, will connect I-95 in Duval County to St. Johns Parkway/County Road 2209 in St. Johns County. The project includes overpasses at Race Track Road, Durbin Creek and Russell Sampson Road and a connector road, Peyton Parkway, from Race Track Road to State Road 9B. The connector road will provide direct access to State Road 9B.

FDOT hired Superior Construction Company Southeast of Jacksonville to construct the \$79.7 million State Road 9B extension project. It is scheduled to be complete in summer 2018.

For more information regarding construction projects, please visit www.nflroads.com or contact FDOT personnel at 904-831-FDOT
