State Street Closure and Detour Scheduled this Weekend

Jacksonville – State Street between Pearl and Davis streets will be closed Saturday and Sunday (July 8-9) from 6 a.m. to 8 p.m. each day. The two right lanes of (westbound) State Street traffic will detour north on Pearl Street, west on First Street, north on Broad Street, west on Third Street, north on Jefferson Street, west on Fourth Street and south on Davis Street. The two left lanes of State Street will detour south on Pearl Street, west on Beaver Street and north on Davis Street. See map below for detour routes. Traffic control officers will be on site.

The closure is necessary to allow contractors to connect the new JEA water mains at the intersections and along the roadway, as part of the Florida Department of Transportation's (FDOT) State Street, Union Street and Mathews Expressway resurfacing and improvement project. The \$13 million project is expected to be complete this fall, weather and schedule permitting.

For more information regarding other construction projects, please visit www.nflroads.com or contact FDOT at 904-831-FDOT.

The Florida Department of Transportation strives for safe construction zones. Travelers need to be aware of heavy equipment and stay within the limits of orange cones and barrels.
