Temporary Nighttime Detours Planned for I-10 Eastbound and Westbound Traffic at U.S. 301 for Bridge Work

JACKSONVILLE, Fla. – As part of the I-10 and U.S. 301 interchange improvement project, I-10 eastbound will be closed to traffic at the U.S. 301 interchange Sunday, February 13 through Thursday, February 17 from 9 p.m. to 5 a.m., weather and schedule permitting. The closure is necessary to complete bridge work over the CSX railyard.

Drivers will detour off I-10 east and travel north on U.S. 301 (S.R. 201), east on U.S. 90, south on S.R. 23 to the I-10 eastbound entrance ramp (map 1).

I-10 westbound will be closed to traffic at the U.S. 301 interchange Sunday, February 20 through Thursday, February 24 from 9 p.m. to 5 a.m. to complete the remaining bridge work over the CSX railyard.

Drivers traveling west on I-10 will be detoured off I-10 to State Road 23 (Exit 350), travel west on U.S. 90 and south on S.R. 201 to return to I-10 west (map 2).

Superior Construction Company began the \$107 million interchange improvement project in late February 2016 and is estimated to complete the work in summer 2023. Construction completion estimates are fluid and subject to change, weather and schedule permitting.

February is “hit-and-run” awareness month in Florida. When you flee the scene of a crash, you are breaking the law, which carries serious consequences. FDOT reminds motorists to take responsibility and stay at the scene of a crash.

Stay informed about lane closures and roadwork in your area by following FDOT District 2 at [@MyFDOT_NEFL](https://twitter.com/MyFDOT_NEFL) on Twitter or at [MyFDOTNEFL](https://www.facebook.com/MyFDOTNEFL) on Facebook.

Improve Safety, Enhance Mobility, Inspire Innovation

The Florida Department of Transportation's mission is to provide a safe transportation system that ensures the mobility of people and goods, enhances economic prosperity, and preserves the quality of the state's environment and communities. The department is committed to building a transportation system that not only fits the current needs of Florida's residents and visitors, but also enhances mobility throughout the state to accommodate its consistent and rapid growth. The unique nature of the Sunshine State and its year-round warm climate provides numerous opportunities to achieve the department's mission through multiple transportation modes including highways/streets, air, rail, sea, spaceports, transit, and the ever-expanding deployment of bicycle & pedestrian facilities.
