## Temporary Median Closures on U.S. 17 Extended Through September

**PALATKA, Fla.-** As part of the Dunn's Creek roadway widening project, temporary median closures along U.S. 17 at Hoot Owl Road, Islander Road and San Mateo Road/Magnolia Trail have been extended through mid-September, weather and unforeseen circumstances permitting. The median closures are necessary to complete roadway paving.

Traffic on U.S. 17 approaching a closed median will continue to the next available median opening. Electronic message boards will be used to notify drivers in advance. Construction crews will be on site to direct the traveling public.

Intermittent lane shifts and flagging operations on U.S. 17 from Horse Landing to Hoot Owl Road will also remain in place through mid-September for roadway paving.

GLF Construction is estimated to complete the \$36.5 million roadway widening [project](#) by fall 2021. Construction completion estimates are fluid and subject to change, weather and schedule permitting.

Stay informed about lane closures and roadwork in your area by following FDOT District 2 at [@MyFDOT\\_NEFL](#) on Twitter or at [MyFDOTNEFL](#) on Facebook.

The Florida Department of Transportation's mission is to provide a safe transportation system that ensures the mobility of people and goods, enhances economic prosperity, and preserves the quality of the state's environment and communities. The department is committed to building a transportation system that not only fits the current needs of Florida's residents and visitors, but also enhances mobility throughout the state to accommodate its consistent and rapid growth. The unique nature of the Sunshine State and its year-round warm climate provides numerous opportunities to achieve the department's mission through multiple transportation modes including highways/streets, air, rail, sea, spaceports, transit, and the ever-expanding deployment of bicycle & pedestrian facilities.
