U.S. 17 over the St. Mary's River to see Daytime Closures Tuesday through Thursday

YULEE, Fla. – Full daytime closures will be in place on U.S. 17 over the St. Mary's River from 9 a.m. to 4 p.m. Monday, Aug. 19 through Thursday, Aug. 22 for routine bridge maintenance.

During the closures, motorists will not be able to cross the St. Mary's Bridge and will be detoured to I-95 to cross the river.

The St. Mary's Bridge was constructed in 1927 and is a movable swing bridge, where the center span twists to open for vessels. The bridge is completely manual and requires a crew to unlock the vessel, manually turn the bridge and relock the bridge when vessels request an opening.

The Florida Department of Transportation's mission is to provide a safe transportation system that ensures the mobility of people and goods, enhances economic prosperity, and preserves the quality of the state's environment and communities. The department is committed to building a transportation system that not only fits the current needs of Florida's residents and visitors, but also enhances mobility throughout the state to accommodate its consistent and rapid growth. The unique nature of the Sunshine State provides numerous opportunities to achieve the department's mission through multiple transportation modes including highways/streets, air, rail, sea, spaceports, transit, and the ever-expanding deployment of bicycle & pedestrian facilities.
