Westbound State Road 230 through Starke to be Closed and Detoured Starting Wednesday

STARKE, Fla. – As part of the Florida Department of Transportation’s Starke Railroad Overpass Interchange Improvements project, eastbound Call Street will re-open and westbound Call Street (State Road 230) between U.S. 301 and Cherry Street will close to traffic starting Wednesday, Feb. 15. Additionally, Walnut Street and Thompson Street will be closed between Call Street and Jefferson Street. Closures will begin at 6 a.m. and last 2-3 weeks, weather and unforeseen circumstances permitting. An updated notice of closures and detours related to this work can be found [here](#).

Traffic will be detoured during the closure as follows:

Westbound Call Street (SR 230) Detour: Westbound Call Street will be closed with local traffic access only from Cherry Street to U.S. 301. Vehicles travelling westbound will turn right onto Cherry Street, turn left onto Jackson Street, left onto Walnut Street, right onto Jefferson Street and proceed to U.S. 301.

Southbound Thompson Street Detour: Vehicles travelling southbound on Thompson Street toward Call Street will turn right onto Jefferson Street, turn left onto U.S. 301, turn left onto SR 100 and proceed to Thompson Street.

Southbound Walnut Street Detour: Vehicles seeking to travel southbound on Walnut Street toward Call Street will turn right onto Jefferson Street, turn left onto U.S. 301, turn left onto SR 100, make a U-turn at Thompson Street onto westbound SR 100 and proceed to Walnut Street.

SR 230 Delivery Truck Detour: During westbound Call Street closure, delivery trucks will travel regular detour but are expected to park in the closed westbound lane during delivery in order to allow for traffic flow.

FDOT hired J.B. Coxwell Contracting to complete this \$23.6 million project in summer 2023, weather and unforeseen circumstances permitting.

Stay informed about lane closures and roadwork in your area by following FDOT District 2 at [@MyFDOT_NEFL](#) on Twitter, at [MyFDOTNEFL](#) on Facebook or by visiting nflroads.com.

Improve Safety, Enhance Mobility, Inspire Innovation

The Florida Department of Transportation’s mission is to provide a safe transportation system that ensures the mobility of people and goods, enhances economic prosperity, and preserves the quality of the state’s environment and communities. The department is committed to building a transportation system that not only fits the current needs of Florida’s residents and visitors, but also enhances mobility throughout the state to accommodate its consistent and rapid growth. The unique nature of the Sunshine State and its year-round warm climate provides numerous opportunities to achieve the department’s mission through multiple transportation modes including highways/streets, air, rail, sea, spaceports, transit, and the ever-expanding deployment of bicycle & pedestrian facilities.
