Construction Engineering Inspection	2026	\$ 450,000
Total Project Cost		\$ 3,000,000

**Schedule and cost are preliminary and subject to change*

Proposed Granger Drive Bridge

Granger Drive over Steinhatchee River Project Development & Environment Study
Financial Management Number: 437422-1

RIGHT-OF-WAY

The Proposed Granger Drive bridge will require additional right-of-way and is shown in yellow. There will be no residential or business relocations.

All right-of-way acquisition will be conducted in accordance with Florida Statute 339.09 and the Federal Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, commonly known as the Uniform Act.

PROPOSED GRANGER DRIVE BRIDGE

The Proposed Alternative will provide a new bridge by realigning Granger Drive. The proposed bridge is a single span one-lane concrete bridge. Motorist on the bridge approach must yield to traffic on the bridge.

EXISTING BRIDGE

The Granger Drive bridge is currently a single-lane, two-span timber bridge over a tributary of the Steinhatchee River. Constructed in 1989, the bridge connects the two unpaved segments of Granger Drive. In 2019, the bridge was closed due to significant deterioration of the bridge substructure.
