Lane and Ramp Closures on Eastbound I-10 between Chaffee Road and I-295 Scheduled June 10 to June 16

JACKSONVILLE, Fla. – Drivers can expect nightly lane and ramp closures on eastbound I-10 from Chaffee Road to I-295 Monday, June 10 to Sunday, June 16 for milling and resurfacing. Nightly lane closures throughout the corridor are expected from 7 p.m. to 5 a.m. the following morning, weather and unforeseen circumstances permitting.

On Sunday, June 9, the I-10 eastbound ramp to Hammond Boulevard will be closed for resurfacing. To access Hammond Boulevard, drivers will continue east on I-10 to Lane Avenue and take I-10 westbound back to Hammond Boulevard.

On Tuesday, June 11, the northbound Hammond Boulevard ramp to eastbound I-10 will be closed for resurfacing. To access I-10, Hammond Boulevard northbound drivers will take US 90 east to Lane Avenue and go south to access I-10.

On Monday, June 12, the southbound Hammond Boulevard ramp to eastbound I-10 will be closed for resurfacing. To access I-10, southbound Hammond Boulevard drivers will take Normandy Boulevard east to Lane Avenue and go north to access I-10.

Anderson Columbia was awarded the \$26 million project to complete resurfacing on I-10 between Chaffee Road and I-295. This project is expected to be completed by mid-2025, weather and unforeseen circumstances permitting.

The Florida Department of Transportation's mission is to provide a safe transportation system that ensures the mobility of people and goods, enhances economic prosperity, and preserves the quality of the state's environment and communities. The department is committed to building a transportation system that not only fits the current needs of Florida's residents and visitors, but also enhances mobility throughout the state to accommodate its consistent and rapid growth. The unique nature of the Sunshine State and its year-round warm climate provides numerous opportunities to achieve the department's mission through multiple transportation modes including highways/streets, air, rail, sea, spaceports, transit, and the ever-expanding deployment of bicycle & pedestrian facilities.
