

# Blanding Boulevard (SR 21) Access Management Improvements from South of Wells Road to the Ortega River

Clay and Duval Counties, Florida | Financial Management No: 446808-1

## INTRODUCTION

The Florida Department of Transportation (FDOT) District Two invites you to the Hybrid Public Meeting for the Blanding Boulevard (SR 21) Access Management Project (Financial Management No. 446808-1) in Clay and Duval Counties, Florida. This meeting will inform the public of the proposed improvements and serves as an official forum providing an opportunity for the public to express their opinions and concerns regarding the project.

## ABOUT THE PROJECT

The intersection of Blanding Boulevard (SR 21) and Wells Road, located just south of the Duval/Clay County line, is experiencing significant congestion during peak hours. Blanding Boulevard (SR 21) is a major north-south road in Clay County connecting homes and businesses to I-295. Wells Road is a major east-west connector serving residential and commercial centers between US 17 and Blanding Boulevard (SR 21).

This access management project is being conducted to relieve congestion and enhance safety at the Blanding Boulevard (SR 21) and Wells Road intersection. The project will redesign the Blanding Boulevard (SR 21)/ Wells Road intersection to improve the traffic flow and enhance safety for all users. As part of this redesign, the existing median opening in front of the Taco Bell/Orange Park Mall entrance will be closed.

## WHAT IS ACCESS MANAGEMENT?

Access management is the careful planning of the location, design and type of access to properties, businesses, and homes. This also includes median openings and driveway opening guidelines. Access management serves to promote safe and efficient movement of people and goods by reducing traffic conflict.

## PROPOSED IMPROVEMENTS

ENGAGE WITH US!

For your convenience, there are several options to participate in the public meeting including an in-person option, a virtual/online option, and a "Listen Only" option. All participants, regardless of the platform they choose, will receive the same information about the proposed project and all comments received in-person, virtually or electronically, will be given equal consideration.

For more information regarding the project, please visit the project website at [www.nflroads.com/blanding](http://www.nflroads.com/blanding). The materials can also be accessed by scanning the following QR code.
